PROJECT REPORT

SUBJECT: - PROJECT REPORT OF THERMOCOL DONA PLATE MAKING MACHINE

Semi automatic Thermocol Dona plate making Machine speed 1,140 Pcs per Day

320 Pcs production will be ready in 1 Kg of 12" Plate

For 1,440 Pcs (for one hour's production) required 3.6 kg raw material

- a. Thermocol raw material price – Rs – 170/-
- b. Transport charge Rs – 5/- per kg
- c. Labor charge 8,000/- per month
- d. Electric charge Rs – 5/- per unit
- e. Electric consumptions in 1 hours = 7 unit
- f. Selling price .80 Paisa = Rs .80 paisa per Pcs

Raw material cost $170 \times 3.6\text{KG} = 612/-$

Transport charge cost $7 \times 3.6\text{Kg} = 18/-$

Total raw material charge for 1,440 Pcs = Rs – 630 /-

Labor charge for 1 hour Rs - 33 /- Rs.

Electric charge $5\text{rs} \times 5\text{unit} = \text{Rs} - 25/-$

Total expense for 1,440 Pcs =Rs – 688 /-

Selling Price For 1,440 Pcs $\times .80 = 1152/-$

Total Profit (Selling Price – Total Expense (1152– 688) = 464 rs)

Note: - INR 3712 Rs will be profit for 1,440 Pcs in 8 Hours (Per Day)
